🔗 Portfolio

SUMMARY

Computer Science postgraduate with a strong foundation in Cloud Computing, AWS, DevOps, and Infrastructure as Code. Hands-on experience building and deploying serverless and cloud-based applications using AWS services including Lambda, EC2, S3, API Gateway, DynamoDB, IAM, and Amazon Bedrock. Skilled in Terraform, Docker, CI/CD, GitHub Actions, Linux, Python, and REST APIs, with a strong interest in designing scalable, automated, and reliable cloud solutions.

PROJECTS

AI Blog Generator using Amazon Bedrock | AWS

Built a serverless AI blog generation application using API Gateway, AWS Lambda, Amazon Bedrock (Meta Llama 3.3 70B), and Amazon S3, with generated content stored in S3 and returned to the frontend.

Cloud Infrastructure Automation using Terraform on AWS

Developed an Infrastructure as Code (IaC) project using Terraform to provision AWS resources including VPC, Subnet, Internet Gateway, Route Table, Security Group, IAM Role, EC2 instance, and S3 bucket.

Dockerized Flask Application Deployment on AWS EC2 with CI/CD

Containerized the flask application with Docker, deployed it on AWS EC2 using Docker Compose and Nginx, and GitHub Actions CI/CD for seamless deployments.

Serverless Employee Management System | AWS

Developed a serverless CRUD application using AWS API Gateway, Lambda, DynamoDB, S3, REST APIs, configured IAM roles

Resource Allocation in cloud computing using a Genetic Algorithm | Academic Project

Researched an optimization-based solution using a Genetic Algorithm to improve resource allocation and utilization in a cloud computing environment.

EDUCATION

M.Tech. in Computer Science

School of Computer Science & IT, DAVV, Indore | 2026 | 8.5/10 CGPA

B.Tech. in Computer Science

Acropolis Institute of Technology and Research, Indore | 2024 | 8.05/10 CGPA

SKILLS

- Cloud & AWS : AWS, EC2, Lambda, S3, API Gateway, IAM, DynamoDB, VPC, CloudFront, Amazon Bedrock
- DevOps & CI/CD: Docker, Terraform, GitHub Actions, CI/CD, Nginx
- Programming & Tools: Python, Git, GitHub, Linux
- Additional Skills: Cloud Computing, Networking, Data Analytics, Power BI, UI/UX, Figma

CERTIFICATES

- AWS Academy Cloud Architecting
- Cloud Computing using Microsoft Azure
- edX - Python Basics for data Science
- Basic & Advanced Google Analytics
- Data Analytics using Power BI

EXTRA-CURRICULAR ACTIVITIES

Event Coordinator, Annual College Fest

Participated in cultural events as a dance team member.
